/* =====  
/* Loops Section  
/* =====
```

```
/* Loops is JS  
// While Loop  
// Do-While Loop  
// For Loop
```

```
/* =====  
/* 1. While Loop  
/* =====
```

// ? While Loop: A while loop in JavaScript is a control structure that repeatedly executes a block of

```
// while (condition) {  
//   // Code to be executed as long as the condition is true  
// }
```

```
/* Simple while loop to count from 1 to 10  
// var num = 1;  
// while (num <= 10) {  
//   console.log(num);  
//   num++;  
// }
```

```
//! practice ■■■■  
//? let's create a table of 5  
// 5*1 = 5  
// 5*2 = 10  
// 5*2 = 10
```

```
// var num = 1;  
// while (num <= 10) {  
//   console.log("5 * " + num + " = " + 5 * num);  
//   num++;  
// }
```

```
/* =====  
/* Do-While Loop  
/* =====
```

//? Do...While Loop: A do...while loop in JavaScript is similar to a while loop, but it guarantees that t

```
// Syntax:  
// do {  
//   // Code to be executed at least once  
// } while (condition);
```

```
/* Simple do...while loop to count from 1 to 10
```

```
// var num = 1;  
// do{  
//   console.log(num);  
//   num++;  
// }while (num <= 10)
```

```
/* =====  
/* For Loop
```

```
/* =====
```

//? For Loop: A for loop in JavaScript is a control flow statement that allows you to repeatedly execute

```
// Syntax:
```

```
// for (initialization; condition; iteration) {
```

```
//   // Code to be executed in each iteration
```

```
// }
```

```
/* Simple for loop to count from 1 to 10
```

```
// for (num = 1; num <= 10; num++)
```

```
// {
```

```
//   console.log(num);
```

```
// }
```
